Astronomy Fans: YOU Are Invited to a Free Lecture on
"The Search for Life in the Universe"

Phoenix, AZ – The Phoenix Astronomical Society PASAZ.ORG is proud to announce that **Dr. Klaus Brasch** will be our guest lecturer on **November 4, 2021**, during our ZOOM meeting starting at 7:00 p.m. The link to this meeting can be obtained at the PASAZ.ORG website under the heading of "PAS Calendar," & the date of this meeting.

Klaus' lecture is titled ***"The Search for Life in the Universe."*** The search for life in the universe has become a driving force behind much current space exploration, including current and planned missions to Mars, Europa, Enceladus and other bodies in our solar system. A seminal question for humanity, "Are we alone in the cosmos?" Klaus has the answers you are looking for.

Dr. Brasch earned a Ph.D. at Carleton University in Ottawa, and is now a retired biomedical scientist and volunteer at Lowell Observatory in Flagstaff, AZ. He joined the biology faculty at Queen's University in Kingston, Ontario, where he teamed with noted radio astronomer, Alan Bridle, to offer Canada's first course in astrobiology. In 1990 he joined California State University, San Bernardino, where he served as department chair, dean of science and director of campus research.

This lecture is open to the public, so please tell a friend!
